Description: In the blink of an eye the entire world has changed. The landscape of fitness has been impacted. We are in uncharted waters and seeking the information and skills necessary to navigate the turbulent waters and ever evolving winds of change for a successful return to the pool and our vertical water training CALA classes. There is not one perfect map or plan for the resumption of our VWT classes. There are many tools to help you feel prepared and transition into the next wave of aquatic fitness leadership. This session will help you explore the various perspectives and considerations for facilities, clients and most importantly the aqua fitness leader. Gain some tools and insights to help you prepare today for tomorrow so you can 'Catch and ride the new Wave'.

Objectives:

- ✓ Understand how to reduce risk as it pertains to aquatic venues.
- ✓ Understand the key stakeholders and the process for resumption of service.
- ✓ Explore how to prepare to return to leading classes safely and effectively.
- ✓ Holistic approach for COVID-19 beyond teaching classes
