**Description:** Strong underwater traction for a better workout, with quick-drying materials. Well-cushioned aqua fitness shoe built for in pool and outdoor aqua sports Shoes have sandwich mesh upper with synthetic leather overlays, supportive, quick-drying shoes, secure and custom fit with extra support, personal fit with enhanced quick draining cushioning, comfort and shock absorption, torsional midfoot support and stability, increased traction to prevent slipping in the water and on deck.

**Instructor Program:** This program is designed for qualified and active aerobic/fitness instructors. Shoes are for personal use only. Our objective is to encourage instructors to experience our high performance products and allow current RYKA users to try new styles. We hope you will be convinced by our technology difference and recommend our shoes and RYKA Retailers.

**Return/Exchange Policy:** Please call CALA for return Policy and Procedure
